SUMMARY

Flutter Developer with 4 years of experience building and shipping 10+ production Android and iOS apps across healthcare, fitness, legal-tech, e-learning and AI products. Strong in BLoC, Riverpod, Provider and GetX with Clean Architecture/MVVM, Firebase, REST APIs (Dio), real-time chat and audio/video calling (Agora), payments and in-app subscriptions. Recent work focuses on AI-powered apps: medical speech-to-text, food image recognition and virtual try-on. Built and released TripKhata, an offline-first expense-splitting app with Hinglish voice entry and UPI settle-up. Author of the open-source pub.dev package deeplink_setup (160 pub points) and 10 Flutter articles on Medium. Available to join immediately.

TECHNICAL SKILLS

Languages & Framework	Dart, Flutter (Android, iOS, tablet layouts)
State Management	BLoC, Riverpod, Provider, GetX
Architecture	Clean Architecture, MVVM, SOLID principles, modular / feature-first app design
Backend & Data	REST APIs, Dio, JSON, Firebase (Auth, Firestore, Storage, Cloud Functions, FCM, Crashlytics), SQLite / Drift, Realm, offline-first sync
Integrations	Agora SDK (chat, voice, video), payment gateways, Google Pay, UPI deep links, in-app subscriptions, deep linking (App Links / Universal Links), Google Maps, OpenStreetMap & location, speech-to-text, home screen widgets, biometric auth, push notifications
Tools & Delivery	Git, GitHub, GitHub Actions, GitLab, Android Studio, VS Code, Cursor, Play Console, App Store Connect, Agile/Scrum, code reviews

PROFESSIONAL EXPERIENCE

Flutter Developer — Codiant (A YASH Technologies Company) Oct 2024 – Jun 2026

Indore · Full-time · Healthcare, fitness & AI products

- **ScribeFlo · AI Medical Scribe:** Built one-tap encounter recording with real-time AI transcription, doctor/patient speaker differentiation and instant structured SOAP notes; added draft review/editing and export to EHR, with offline support and multi-device sync.
- **CalCounts · AI Food Scanner:** Implemented AI photo-based calorie and macro estimation, barcode scanning, meal planning, goal-based daily/weekly/monthly progress dashboards, reminders, Apple Watch sync and Pro subscriptions (advanced reports).
- **CalCounts Pro · Instructor Dashboard:** Built a tablet-only app for coaches to accept client requests and track each client's calorie intake vs. burn, macro breakdowns and logged meal photos.
- **Fitterloop · AI Fitness:** Designed the UI and built fitness calculators, AI workout/diet plans, AI meal planner, barcode-based calorie/macro tracking, step counter, wearable integration and Premium subscriptions.
- **Fashfx · AI Fashion Studio:** Built AI virtual try-on (apparel, footwear, jewellery), product-to-model shots, sketch-to-garment, model swap and AI video generation flows for fashion brands.
- **CoachRater:** Delivered a multi-role app with coach registration, document upload, a rater module and guest mode.
- Structured apps with Clean Architecture and Riverpod/BLoC, reviewed code against SOLID principles, integrated FCM push notifications, and released and maintained apps on Google Play and the App Store.

Associate Flutter Developer — Mactosys Software Technology Pvt. Ltd. Dec 2023 – Sep 2024

Indore · Full-time

- **LynkLegal (Play Store):** Led end-to-end development of a legal-services booking app with chat, voice/video calls and secure document sharing with lawyers, CAs and CS professionals; integrated a payment gateway with cancellation and refund flows.
- **Ashfaq (Dating App):** Built core chat, voice and video calling with Agora SDK to increase in-app engagement.
- **Oshler (Doctor Appointments):** Built appointment-scheduling flows and collaborated on UI/UX. Integrated REST APIs via Dio and published apps on Google Play.

Junior Flutter Developer — IndVibe Infotech Pvt. Ltd. Nov 2022 – Nov 2023

Indore · Full-time

- **Edux (E-learning):** Owned authentication and navigation modules (Google Sign-In + Firebase Auth) and cut crashes by ~60% through structured testing and robust error handling; optimized routing with GetX.
- **HCARE (Play Store):** Built a patient–doctor healthcare app with Firebase authentication and notifications using reusable widgets and a modular structure.
- **Yalla Driver:** Built responsive, design-consistent UI across driver workflows; published apps on Google Play.

Flutter Developer Intern — Xcrino Business Solutions Sep 2021 – Jan 2022

- Built food-ordering and e-commerce apps from wireframes, integrating REST APIs for listings, menus, cart and checkout with loading and error states.

PERSONAL PROJECTS

TripKhata · Group Trip Expense Splitter (Android) Nov 2026

Flutter, BLoC, Drift (SQLite), Firebase (Auth, Firestore, Storage, Cloud Functions, FCM, Crashlytics), flutter_map · github.com/SachinChoudhary07/Trip-Khata

- Designed and built an offline-first app for splitting road-trip expenses: every spend is saved locally in Drift and queued for Firestore sync when the network returns.
- Built voice entry with on-device speech-to-text and a custom Hinglish parser (“Rahul ne 1500 ka petrol bharwaya”, “dedh hazaar”), plus a home screen widget with a mic button.
- Implemented equal / amount / share splits in paise, per-expense participants, a fewest-payments settle-up algorithm and one-tap UPI payments; added trip sharing by 6-letter code, Cloud Function + FCM group notifications, OpenStreetMap route log and PDF/CSV summaries. Shipped signed APKs via GitHub Releases.

OPEN SOURCE & WRITING

- **deeplink_setup** (pub.dev, MIT, 160 pub points) · Aug 2026 – Present: Authored a Dart CLI that generates, validates and debugs Android App Links and iOS Universal Links: creates assetlinks.json and AASA files, patches native projects with backups, checks Apple-CDN caching and runs in CI.
- **Medium · 10 Flutter articles:** Biometric authentication, screenshot/recording blocking, Google Pay integration, Firebase setup, localization, connectivity handling and publishing to pub.dev and the Play Store.

EDUCATION

Bachelor of Computer Applications (BCA) — Makhanlal Chaturvedi National University, Bhopal 2018 – 2021

Higher Secondary (Class XII) — Sunshine Higher Secondary School, MP Board 2018
